SEMICONDUCTOR ENVIRONMENTAL, SAFETY & HEALTH ASSOCIATION

COMBINED BOOK EXHIBIT

2002 ANNUAL SYMPOSIUM & EXHIBITION

WYNDHAM PALM SPRINGS, PALM SPRINGS, CA – APRIL 2-5

The SSA Annual Symposium takes place this year April 2-5, 2002 in Palm Springs, CA. What better place for you to promote your books and journals on semiconductor practices, risk analysis, decision making, technology assessment, occupational health and safety, natural and technological hazards and disasters, and environmental issues?

For minimal effort on your part, we will take care of displaying your books and journals for the duration of the meeting. Also, we will provide meeting participants with an attractive list, complete with ordering information, of all titles on display. Those of you who have participated in book exhibits previously know that the convenience of such a list means more orders for you, particularly if you are willing to offer a short-term discount.

In order to compile the list, we need to have your completed copies (one for each title) of the enclosed form by March 16. Please send these to the SSHA, ATTN: Lori Strong, 1313 Dolley Madison Blvd., Suite 402, McLean, VA 22101. For further information please phone (703) 790-1745 or FAX (703) 790-2672.

Please send the publication directly to the hotel labeled as follows:
